SOVIET DIVISIONS ARE CUT TO PIECES

Peace Delegates at Minsk Have
No Knowledge of Great
Victory.

(International News Service.)
WASHINGTON, Aug. 23.—Poland
has informally advised the United
States that she has no intention of
going beyond her ethnological bound-
aries in her drive to crush the so-
viet forces out of Poland. It was
learned this afternoon.

The United States, through its le-
gation at Warsaw, informally ad-
vised Polish officials that this gov-
ernment was not in favor of Polish
troops again drawing a battle line in
Rucian territory.

(International News Service.)
LONDON, Aug. 23.—Loss of the
great Polish fortress of Brest-Litovsk
was officially admitted by the soviet
war office at Moscow today.

"BLOCKADE" RUMORED

(International News Service.)
LONDON, Aug. 23.—An unconfir-
med report was received from Brussels
today that German workers at Dan-
zig have proclaimed a "blockade" of
Poland and have established a soviet.
Danzig is the Baltic port through
which Poland has been receiving all
her aid from the outside world. It
was made a free city by the league
of nations peace committee. The
port is being administered by Sir
Reginald Tower, high commissioner for
the league.

40,000 PRISONERS

(International News Service.)
WARSAW, Aug. 23.—The number
of Russian prisoners captured in the
great Polish victory was estimated to-
day at 40,000.

The trophies and booty taken by
the Poles have reached such enormous
proportions they cannot be estimated.
Twenty-one Bolshevik divisions were
represented among the prisoners. The
third and fifteenth Russian divisions
have been out of between the Vistula
river and East Prussia and news of
their surrender is momentarily ex-
pected.

Hard fighting continues on the
front east of Warsaw, but the "Bat-
tle of Warsaw" has ended.

The Polish counter-offensive, which
not only stopped the Russians but
rolled them back, is swinging into its
second stage, as the Poles have begun
to meet stronger resistance from the
Reds and the Pole advance has slowed
down owing to the lack of cavalry.

The Polish government has been un-
able to communicate with Minsk and
thus notify the Polish peace delegates
of the victory over the Russians. The
government has been getting its
Minak news by picking up wireless
messages from Vienna and Nauen. The
cry of "on to Vilna" and "on to
Kadel" is now heard.

RED CAVALRY DEFEATED

LONDON, Aug. 23.—Gen. Buden-
ny's Russian cavalry that has been
attempting a counter drive against
the Poles in Galicia has been defeat-
ed and has narrowly escaped annihi-
lation, according to a dispatch from
Vienna. The dispatch said that the
Russian army is now a considerable
distance from Lemberg, the chief ob-
jective of the red army drive in Gal-
icia.

MAY SUMMON COX BEFORE PROBERS

Democratic Nominee May be Given a
Chance to Expose Slush Fund.

(International News Service.)
CHICAGO, Aug. 23.—Governor James M. Cox, of Ohio will be called
upon to furnish to the senate committee investigating campaign expendi-
tures all the information he has in regard to a \$15,000,000 Republican
slush fund. The sub-committee, in executive session, decided today to re-
quest Governor Cox to gather all information he has concerning republi-
can campaign expenditures and forward it to the committee. A tele-
gram to that effect was dispatched today to the democratic candidate
by Senator Kenyon, chairman of the investigating committee.

(International News Service.)
DAYTON, Aug. 23.—Will Govern-
or James M. Cox be subpoenaed to
appear before the senate committee
now investigating campaign expendi-
tures?

This question centered today the in-
terest of democrats here in the con-
troversy growing out of the Govern-
or's charges that the republicans are
raising a \$15,000,000 "slush fund",
and the response to those charges by
Senator Harding and Republican Na-
tional Chairman Will H. Hayes.

Though it is admitted that Govern-
or's proposed stumping tour might be
seriously deranged if he were com-
pelled to spend several days in Chi-
cago testifying before the committee,
the fact remains that the body has
full power to subpoena him if it so
desires, and the governor is known to
be perfectly ready to comply should
such a summons be made.

HOLD BRIEF SESSION

(International News Service.)
CHICAGO, Aug. 23.—Only a brief
session of the committee investigating
campaign expenditures was expected
today. Plans for future phases of
the investigation will be discussed, it
was believed, but no actual evidence
considered at this meeting.

FIVE AMERICANS HELD BY MEXICANS

TROOPS SENT BY HUERTA GOV-
ERNMENT AGAINST BRIGAND
LEADER

(International News Service.)
WASHINGTON, Aug. 23.—The
state department today is awaiting
complete information from the em-
bassy in Mexico City in regard to the
kidnaping of five Americans by the
bandits leader Pedro Zamora, in the
state of Jalisco.

The dispatches received from the
embassy lacked detail, but it is be-
lieved the embassy has already made
reply to the Huerta government and
according to unofficial advices the
provisional government has sent
troops against Zamora to obtain the
release of the Americans.

WOMEN TO MEET; SEPARATE PARTY IS NOW ADVOCATED

(International News Service.)
WASHINGTON, Aug. 23.—If legal
entanglements do not prevent the rat-
ification of the suffrage amendment
before the November election, 1,000
women will gather in Washington to
draft the first platform of woman's
rights.

Assembled as delegates to the con-
vention of the National Woman's
Party they will give their first ex-
pression to the demands of the new
woman voter and decide what course
they will follow in the elections.

Only one course has so far been
proposed. This is Mrs. O. H. P. Bel-
mont's program for a separate politi-
cal party, which is also advocated by
Alice Paul and already has a large
following. More demands in the
woman's platform will deal with
woman's recognition in the league of
nations, if it is ratified by the U. S.

COUNTY COURT IS IN SESSION TODAY

SEVERAL INTERESTING CASES
ARE SET FOR TRIAL BEFORE
JUDGE LOWE.

The Morgan county court is in ses-
sion today and will continue through
the week under Judge W. T. Lowe.
Nine cases were on the civil docket
this morning and considerable inter-
est is shown as some of the cases are
of long standing.

This is the July term of the court
as it was not decided that the court
should meet until it was found that
the Circuit Court was postponed un-
til November. The following are the
cases before Judge Lowe for today.

Civil Docket
Sullivan vs. Blackman.
Sheffield vs. Rogers et al.
Williams vs. Edmondson.
Loftis Bros. vs. J. O. Camp.

CANDIDATES FOR ALDERMEN TO BE NAMED TONIGHT AT MASS MEETING

Citizens Will Gather in School
Houses and the City
Hall.

SEVERAL CANDIDATES ALREADY IN THE RACE

Mayorality Candidates Will Be
Formally Named at Meet-
ing Tuesday.

Candidates for aldermen in Albany
will be chosen tonight at four mass
meetings to be held in each of the four
wards of the city. In each ward,
with the exception of the fourth, the
meetings will be held in the public
schools/buildings. Fourth ward citi-
zens will meet in the city hall.

Tuesday night a general mass meet-
ing will be held in the city hall to
nominate candidates for mayor and
president of the city council of Al-
bany. Should the meeting be so lar-
gely attended that the city hall audi-
torium proves too small, the meeting
will be held in the Masonic theatre.

The voters will cast their ballots for
the nominees in the September munici-
pal election.

Already a number of candidates
have offered for office in Albany. J.
T. Rainey is the only announced can-
didate for mayor, although several
other names are mentioned in connec-
tion with the race.

A. S. Grubbs, W. R. Lewis, Newton
Thompson and J. N. Hendrix, the lat-
ter the incumbent, already are an-
nounced candidates for chief of police.

HOME IS ROBBED; YEGGS REFUSE TO TAKE CHEAP WATCH

A. C. Womack, of Austinville, em-
ployed as a machinist at the L. &
N. shops and working a night shift,
today reported to Sheriff May that
his residence had been burglarized
last night. The thief, Mr. Womack
said, had relieved him of one \$20
gold piece, five silver dollars, a
pocket knife worth \$2.00 and a
watch. However, the time piece evi-
dently did not come up to the stand-
ards of the yeggmen, for after it had
been ascertained that it was of a pop-
ular cheap make, it was left behind
on a table.

The robbers entered through the
door of the Womack home, which was
left unlocked. Mr. Womack had
taken a night off and was at his resi-
dence when the nocturnal visitors
made their raid. This morning an
effort was made to secure blood-
hounds from Moulton, but Mr. Wo-
mack was unable to get in touch with
the owner of the dogs.

A reward of \$25 was offered by Mr.
Womack for the apprehension of the
burglars.

FACULTY OF HIGH SCHOOL ANNOUNCED BY SUPT. COWART

The faculty of the Albany High
School, which opens the second Mon-
day in September, has been completed.
This year shows a great improve-
ment in the courses offered. French
and Commercial Arithmetic have been
added and American History will be
taken every year instead of being al-
ternated with the European Histories.

Only one new member of the fam-
ily is added this year in the person of
Miss Hilleke who will teach English
and History, eighth grade, History,
Senior year. A statement by Superin-
tendent Cowart follows:

High school students in selecting
their courses should do so with refer-
ence to future schooling. You
should select your college and ar-
range your subjects, here, to meet
the entrance requirements of the
school chosen. The faculty will aid
students in arranging courses on re-
quest.

Miss Ruth Hilleke comes to us
strongly recommended by the Univer-
sity of Alabama, of which she is a
graduate. Miss Hilleke also has her
M. A. degree from Columbia Univer-
sity, where she has been doing special
work in English. Miss Barksdale re-
ceived her A. B. degree from Pea-
body College, Nashville, this month.
Miss Dudley has been doing extensive
work in English at the University of
Virginia this summer, and Miss Shep-
pard specializing in Domestic Science,
and Art at the University of Ala-
bama.

Though we expect to be crowded be-
yond capacity this session, we hope
to make it the best in our history.

The general announcement, con-
cerning the opening of school, will be
made at a later date.

Respectfully,
R. W. COWART.

TENNESSEE SOLONS CALL ON CITIZENS HOLD MEETINGS ON SUFFRAGE QUESTION

Extended Statement Issued Set-
ting Forth Reasons for
Breaking Quorum.

COERCION IS CHARGED AGAIN BY INSURGENTS

Legislators Will Visit in Athens
Tuesday Afternoon,
Hall Says.

(International News Service.)
NASHVILLE, Tenn., Aug. 23.—
Governor Roberts, of Tennessee will
sign the certificate of ratification of
the suffrage amendment and dispatch
it to Secretary of State Colby at once,
regardless of the injunction proceed-
ings brought against him, according
to a communication received here to-
day from Miss Sue White, of the
Woman's National Party, who stated
the Governor had made this promise
to her.

The National Woman's Party today
appealed to Solicitor General Frierson
to have the department of justice
appear against the granting of a per-
manent injunction against suffrage.

Again charging coercion in the
ratification of the suffrage amendment
and characterizing the amendment as
a blow at state's rights, the thirty-
six members of the Tennessee legisla-
ture, here to break a quorum of the
house, today issued a statement set-
ting forth their reasons for filibuster-
ing and calling upon the people of
Tennessee to meet in mass meetings
next Saturday to pass resolutions on
the suffrage question.

Tuesday afternoon the solons will
go to Athens on a visit, returning
here Tuesday night, Representative
Hall, leader of the insurgent party,
announced.

Efforts to communicate to Senator
Underwood the invitation to speak
here tonight have been unavailing, Mr.
Hall said, and it is doubtful that the
Alabama senator will reach here Mon-
day.

The statement in full of the Tennes-
see legislators follows:

To the People of Tennessee:
We, the undersigned members of the
Lower House of the legislature of
Tennessee, Democrats and Republicans,
submit the following reasons for our
action in breaking a quorum in
order to prevent the passage of the
resolution ratifying the Nineteenth
suffrage amendment to the constitution
of the United States.

First. We and each of us were ab-
solutely convinced that any action by
us ratifying said Amendment would
be in violation of the Constitution
of the State of Tennessee and would
make each of us guilty of a failure to
live up to the oath which we had taken
as members of the legislature, and
being of this opinion we could not
honorably cast our vote to override
the Constitution of the state, and were
unwilling by our presence to permit
it to be done.

Second. We are convinced that the
methods which were adopted to se-
cure the passage of the resolution
were improper and not justified.

Third. We believe that the majority
of the people of Tennessee do not
favor the ratification of said Amend-
ment.

Fourth. We felt to have ratified
said Amendment would have been to
surrender the sovereign rights of the
state on the question of suffrage,
which is one of the most important
and sacred rights conferred, and the
only defense that the people of Ten-
nessee had at this juncture rested in
our hands, and the only way that we
could serve was to take the course
that we have taken. We fully under-
stand that our action could only be
justified by the tremendous issues in-
volved which, in our judgment, went
to the very foundation of our Gov-
ernment; that the ratification of said
Amendment would be destructive of

AUTO IS TAKING PLACE OF DOBBINS

HORSE CENSUS SHOWS STEADY DECREASE ON FARMS, FLIVVER SUPPLANTING THEM

(International News Service.)
WASHINGTON, Aug. 23.—Is the
automobile supplanting "old Dobbin" on
the farm? Returns of the 1920 agri-
cultural census now being compiled
by the Census Bureau indicate a
steady decline in the number of
horses on the farms of the country in
1920 as compared with the number in
1910. While the compilations are far
from complete the available figures
show that the faithful horse is not
holding his own, and it is evident that
the "flivver," as well as the more
costly makes of cars, are driving him
from the farm.

Just how fast the use of the horse
on the farm is declining is well il-
lustrated in the case of Alpine
County, Cal. In 1910 that county re-
ported 426 horses on its farms, while
in 1920 the number had declined to
169. In Carroll County, N. H., there
were 3,116 horses on the farms in
1910, but in 1920 there were only
2,404 equines. Edmonson County,
Ky., reported 2,258 horses in 1910 and
only 1,942 in 1920, while Putnam
County, Ill., reported 4,269 horses in
1910 and only 3,973 in 1920. In Ster-
ling County Tex., the number of
horses dwindled from 3,725 in 1910
to 1,550 in 1920. Similar declines in
the number of horses on the farm are
noted in many counties in South Car-
olina, Tennessee, Alabama, Arkansas,
Virginia and Missouri, all tending
to show that the horse is not the big
factor on the farm that he was be-
fore the motor tractor, the motor
truck and the pleasure car came into
such general use.

On the other hand the lowly mule
is more than holding his own on the
farm and in many counties his use is
increasing. In Liberty County, Fla.,
for example, only three mules were
reported in 1910, while in 1920 the
number had increased to 134. Mules
on the farms of Stark County, Ill.,
increased from 312 in 1910 to 439 in
1920, while Edmonson County, Ky., re-
ported 1,151 mules in 1910 and 2,112
in 1920. In Cleveland County, Ark., the
number of mules on the farms in-
creased from 1,708 in 1910 to 2,600 in
1920, while in Washington County,
Mo., they also increased from 1,925
in 1910 to 2,339 in 1920. This same
growth is indicated in reports from
counties in various other States.

Football Team Resumes Practice

DISTINGUISHED VISITORS ARE WELCOME GUESTS

Fortunately, the state of Tennessee is of such vast proportions and unusual consequence, that it must have at least two subordinate capitals. One of these is Decatur, Ala., and the other Hopkinsville, Ky. During the past twenty years legislators from the neighboring commonwealth have seen fit to take occasional excursions into Alabama, due to the stress of heated political conditions, and invariably they have stopped over in the Twin Cities to share our hospitality and to receive that warm welcome that was accorded their successors in office. It is always a pleasure to have these distinguished visitors with us, for they are the very salt of that portion of earth directly to the north and are men of affairs and consequence in their home bailiwicks. The Daily, without forgetting the proprieties to the extent of expressing its individual views as to woman's suffrage at this particular time, is glad to voice the welcome which Decatur and Albany extend to the law-makers of the Volunteer State. During their stay the latch string will be out, and every member of the delegation will be made to feel at home. A light is always kept burning in the windows of Albany-Decatur for the migratory Tennessee solons, and any emergency that may send them this way again will be joyously hailed.

Just now the Poles have the pole. To save time, all but Americans should be barred from future Olympic games.

Voice of People

THE NEXT MAYOR

Editor of the Daily:
It must be quite clear to the average citizen of Albany, that the time has passed, when the office of Mayor can be used as a "sideline" for any business, trade, profession, or merchant, who depends on his trade, profession, or business for a living can properly care for the varied interests of our growing city. Our mayors in the past, have been honest capable men, who have so little time to devote to the duties of the office, that they should not be criticised for existing conditions. Albany is a great corporation with a capital of some seven million dollars, and eight thousand people as interested stockholders and owners, who should demand, that a capable man be placed at the head of the corporation, compelled to devote his whole time to the business of the city, and be paid a decent salary for his service. If the Board of Commerce can pay its secretary three thousand dollars to care for the commercial welfare of the city, can there be any substantial objection to paying a competent man three or four thousand dollars per annum to devote his whole time to the affairs of the city. There is a small corporation in Albany, with a capital stock of twenty-five thousand dollars, which pays its general manager more than three thousand dollars a year and he is making money for the stockholders. Is it not a reasonable supposition that if the City Council will increase the salary of the mayor for the coming term to \$3600 or \$4000 the citizens of Albany can select some capable man, free from class bias, or corporate influence, who by devoting his entire time to the City's business will more than earn the salary, and put new life and vigor in every department of the city. We need an all time Mayor, not a "sideliner" who should be paid a "living wage."

headquarters in the field. The official statement says: "Mlava, Trazasnycz, Ostrof, Mazonwieck, Bielak, Brest-Litovsk, Cholm, and Trubiesof have been taken by the Poles. We are advancing upon Brest-Litovsk. We strongly hold the Bug river line."

The Polish war office makes special mention of the fact that Gen. Weigand, head of the French military mission, participated in the successful Polish counter-offensive. Gen. Pilsudski, through the war office, has issued a dramatic appeal exhorting the nation not to rest until the last Russian has been expelled. "The spirit of our army is excellent," the war office stated.

The Russians have been pushed back until they are now 160 miles from the capital.

BOOSTER MEETING CALLED BY PAYNE

COMMITTEES TO COMPLETE PLANS FOR TRIP ON THURSDAY EVENING

A final meeting of the various booster trip committees was called today by Chairman Payne for Thursday evening of this week at the rooms of the Albany chamber of commerce. Chairman Payne urged all committees to complete their plans prior to this meeting, so that the finishing touches to the great trade expansion tour may be added.

Those who will furnish automobiles for the booster trip were urged to get in touch with Asbury Malone, chairman of the transportation committee. More cars than have been pledged are urgently needed, it was stated.

SUGAR PRICES TO DROP LOWER SAYS YOUR UNCLE SAM

(International News Service) WASHINGTON, Aug. 23.—Sugar retail prices have not touched bottom but are certain to drop to lower levels, it was announced at the department of justice today.

Ignoring appeals by refiners and sugar wholesale jobbers for the department's intervention to stop a further slump in prices, officials said no possible action could be taken to relieve sugar dealers who have overbought and are now losing heavily.

STREET CAR MEN AT NASHVILLE OUT

CONCILIATOR IS NAMED IN HOPE OF REACHING EARLY AGREEMENT.

(International News Service) WASHINGTON, Aug. 23.—Conciliator J. J. Walsh today was assigned to the threatened street car trouble at Nashville, Tenn. The appointment of a conciliator was made at the suggestion of W. J. Fitzgerald, vice president of the Street railway employees, who called the department's attention to the acute situation.

SERVICE SUSPENDED
(International News Service) NASHVILLE, Tenn., Aug. 23.—Nashville walked to work again today or rode in taxicabs, following the strike of street car men, which began yesterday. Very limited service was maintained throughout Sunday and today. The strike was called on the first anniversary of that of a year ago.

Two Year Old Boy Is Drowned In Small Branch

The body of the two year old son of Joe Wade, a prominent Lawrence county farmer, was found in a small branch near Bellview, Sunday morning.

The father of the child is said to have missed the boy after the older brothers had gone for a swim in a nearby creek. It is thought that the little fellow followed the older boys and fell into a branch, from which he was unable to extricate himself. A hunt followed when the boy could not be located and the search revealed the little body in about six inches of water. The funeral service will be preached today and burial will take place at Bellview.

Pursued by Police Car Plunges Into River; 4 Drowned

(International News Service) CHICAGO, Aug. 23.—The Chicago river is being dragged today for the bodies of four men believed to have been pitched into the water and drowned at Sunnyside avenue early today when the automobile in which they were fleeing from the police smashed into the river embankment. Police had been chasing the men in consequence of a report that they were responsible for the kidnapping and the assault committed on a 17-year old girl late last night.

Genuine Polish.
Some people are rusty; their harsh, ungainly manners cut out whatever is good in their own character. Some people are gilt; a very brilliant exterior they present, but the first brush and hard using rubs off the gliding and reveals of bare metal beneath. A third class is polished. The polish indeed is on the multifarious crosses of human life, the more it is rubbed the brighter it grows.

Agreed With Daddy.
Marjorie liked to play in the ground feed her father mixed up for his horses. She had been scolded for this without effect. So one day her father, catching her in the act, picked her up and gave her a spanking. As he put her down he said: "Now, my young lady, that is just enough of that." "Me'll say 'tis," came the tearful answer.

A "Burning Well"
Water and fire aren't usually considered good friends, but under certain circumstances they may unite to form an interesting and beautiful natural phenomenon. This is the case near Mobile, Ala., where for years a "burning well" has been the center of attraction for visitors and residents of the city. Bored originally for an artesian well, the product of the hole was a tremendous flow of salt water, heavily charged with chlorine gas. How this gas first took fire is not known, but burn it does, and the deep orange flames, uninjured by the water, not only spurt high with the flow of the crystal stream and color its white foam, but they run along the circular pool about the well to continuous sweeps of bright color.

Celluloid Collar Swimming Aid.
The timid beginner can learn to swim in ten minutes, it is claimed, if he wears about his neck the new "swimming collar." This collar, as described in Popular Mechanics Magazine, consists of a cylinder of transparent celluloid, about eight inches high. Across the bottom is cemented a rubber sheet with a central aperture. The edges of the aperture fit snugly about the neck. Thus the new swimming aid holds the head above the water, and recommends itself to fair swimmers because it keeps the hair dry.

Let's Have the Sugar.
The insular government is trying to produce cheap sugar and alcohol from the Philippine nipa palm, the islands having more than 100,000 acres of the trees.

Largest Whale.
The largest species of whale is probably the sulphur-bottomed or blue whale, which reaches a length of 90 feet or more and approaches 70 tons in weight.

Brenlin
the long-wearing window shade material

Be sure the window shades you buy won't crack and break!

Ordinary window shade material is made of coarse muslin which is filled with chalk and clay. The wear of daily usage causes this filling to loosen and fall out, leaving the shade full of cracks and pinholes.

But Brenlin wears and wears

Brenlin is made of fine, closely woven cloth which contains not a particle of chalk, or clay, or other filling. It wears and wears. Hangs smooth and straight. No cracks, no pinholes deface it!

Tinted with the finest, fast colors Brenlin Window Shades will not spot in the rain nor fade in the sun. They wear three times as long as ordinary shades.

Come in and see the many rich colorings we have in this long-wearing shade material. Let us show you how little it will cost to shade your windows with Brenlin, and help you select just the tone that will harmonize with the color scheme of your room. Come today.

ROBS CALOMEL OF NAUSEA AND DANGER

Qualities Removed-New Tablet Calomel
Medicinal Virtues Retained and Im-
proved—Dangerous and Sickening

The latest triumph of modern pharmacy is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

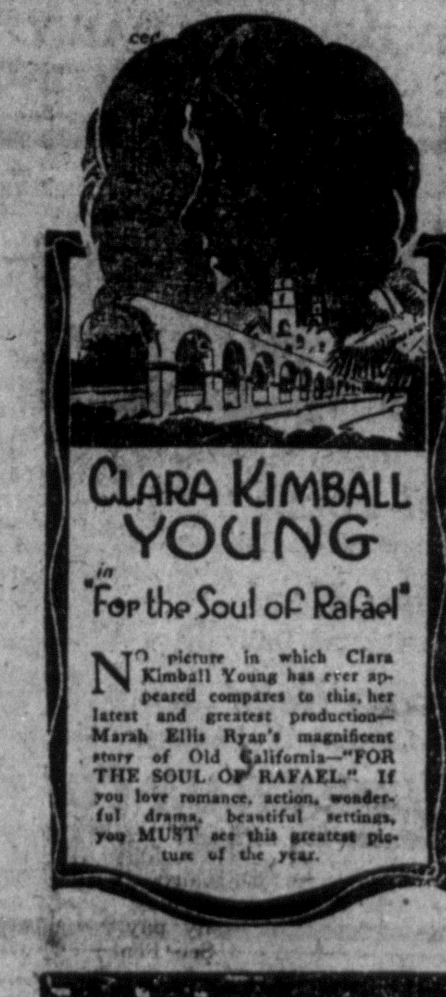

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One tablet on the tongue at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—Advertisement.

VISITOR HONORED

Dr. and Mrs. R. M. McGlathery entertained a bunch of the younger set Friday evening at their attractive bungalow, Fourth avenue west, to compliment their young house guest, Miss Sarah Stephenson of Hartselle.

A color motif of yellow and green was effectively carried out through the entire home, golden glow and asters being used in artistic profusion.

The young guests were served punch on their arrival and the fees served at the close of the evening further emphasized the scheme color. Games, music and progressive conversation were enjoyed by the following young folks:

Eleanor Ramage, Marjorie Pointer, Mary Daniels, Sarah Stephenson, Elizabeth Ann Morrow, Mary Barry, Margaret Broadus, Norman Harris, Clyde Hendrix, Jr., Seaborn Lynn, Jack Knight, Leon Nichols, Joe Morris, Frank Morris, Skeggs Crawford, Joe Coppage.

Miss Mary Daniell underwent an operation for tonsillitis this morning and is reported as doing nicely.

Mrs. Chas. Conn and daughter, Mary, are the guests of Mrs. Robert Daniell, for a few days this week enroute to her home in New York.

Mrs. Virginia Lee and two sons from Lynchburg, Virginia, are visiting relatives in Trinity.

Mrs. Allen Campbell from the University of Virginia is the guest of her sister, Mrs. F. F. Tidwell.

Miss Cynthia Davis is visiting Miss Lucile Lawler in Brownsboro, Ala. this week.

Miss Mildred Ferris who underwent an operation Saturday at St. Vincent Hospital at Birmingham, is reporting as doing nicely.

PAPER SUITS FOR

EXHIBITION IN AMERICA
Paper suits, which are in vogue in Germany and Austria, will soon make their appearance in the United States and if inquiries to the Department of Commerce can be taken as an indication of the probable demand, they may become even more popular in the lower-cost-of-living campaign than was the lowly overall a short time ago.

Cable orders for samples of the suits have been dispatched by the Department of Commerce, it was announced today, and when the samples arrive they will be displayed not only in Washington, but also in the department's district and co-operative offices located in important cities of the country.

Explaining its orders for the samples, the department issued this statement:

"This action was taken because of the wide interest created by the publication of a recent dispatch from England that a large quantity of such suits were on display in English stores.

"The Bureau of Domestic and Foreign Commerce has received many inquiries from interested parties in the United States as a result of the publicity given the report. A good number of the inquirers asked that they be furnished with some of the suits under the impression that the bureau had a supply on hand. One man asked for fifty. Several ordered from three to ten. It is understood that the suits are supposed to retail at about 50 cents each."—N. Y. Times.

The funeral services held in Athens yesterday for Mrs. F. C. Marks were attended by the following from the twin cities: Mr. and Mrs. R. B. Graves, Mr. and Mrs. C. O. Dr. and Mrs. W. G. Henry and son of Huntsville who have been touring Europe for the past two months are expected home the latter part of this week.

Mrs. Fred Robinson and daughter, Jennetta, and Miss Louise Trotman, of Dallas, Texas, are the guests of Mr. and Mrs. D. C. Adams.

Mrs. W. B. Alexander is spending the week end with Mr. and Mrs. T. H. Alexander. Mrs. Alexander leaves Tuesday for her home in Boyles, Miss.

Miss Dorothy Patterson has returned from an extended trip to the south and was accompanied by Mrs. A. Holzman, of Selma, sister of Mrs. J. S. Patterson.

Mrs. Mamie Kirby has returned after a lengthy visit to Georgia.

Miss Sarah Stephenson left Saturday for her home in Hartselle, after a visit to her aunt, Mrs. R. M. McGlathery.

Mrs. T. J. Tillman is leaving for Houston, Texas today to make that place her future home. Mrs. Tillman has been a resident of Decatur for over twenty-five years and leaves a host of friends in the Twin Cities.

Miss Kaleen Day, the charming daughter of L. R. Day, will return home in a few days from Birmingham, where she has completed a course in book keeping and short hand at a business college.

Lieut. and Mrs. Joseph C. Gill were the week end guests of Dr. and Mrs. R. M. McGlathery enroute home to Washington, D. C.

Mrs. Virginia Graham has returned from a visit to relatives and friends in Memphis, Florence, Sheffield and Tusculum.

Mrs. M. A. Thompson, and daughter Dimple, have returned from Dallas, Texas after a ten days' visit to relatives.

Mrs. C. M. Jolly, and son, Edward, of Memphis, are visiting Mrs. E. L. Ashford.

Miss Gertrude Ashford, of the S. E. Dry Goods Co., is now on a two weeks vacation.

Mrs. A. S. Graham and Mrs. Joe Cooper, of Huntsville, are the house guests of Mr. and Mrs. D. C. Adams.

DISASTROUS FIRE FOLLOWED RIOT

(International News Service)
LONDON, Aug. 23.—Fire that started in Lisburn during the rioting that followed the assassination of Police Inspector Swanzy on Sunday morning raged all night. The whole business district of the city was in ashes today. Throughout the night the sky was lighted up for miles. Although buildings around the Catholic church were destroyed, soldiers saved the religious edifice.

Eskimo's Summer Home.
In the summer months, during four months of which the sun never sets, the Eskimos live in tents. These are made of skins and are shaped somewhat like a boat cut in half. In the rear of the tent the bed is spread, while in the wide, high open front a smudge burns day and night. This smoke fire serves to drive away the mosquitoes, which are large and ferocious.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering. Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million. Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere.

Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

WAR DEPARTMENT
WASHINGTON

TO THE AMERICAN PUBLIC:
The War Department is now in the midst of a campaign to aid you in reducing your living costs. Are you taking advantage of it? If you are not, it's your own fault.

The War Department through the biggest food sales campaign ever launched by a Government has been bringing to your attention in every conceivable manner the advantages to you, to your fellow man, to your community, to your State and to your Country, of buying these surplus stocks of canned meats.

It has pointed out to you that these are the most palatable and nutritious canned meats that the best American factories could produce. Their quality is unquestioned—and the Government stands behind every can with a definite guarantee both as to quality and condition.

Ask your dealer for these War Department Canned Meats. If he hasn't them he can get them. It is possible for even the smallest of retailers to make purchases direct from the Government and sell these meats to consumers at prices considerably under the market.

Look for the poster of Uncle Sam waving the High Cost of Living. It is doing his bit toward cutting living costs. Now you do yours. Buy it by the case. Serve it in your home. Whenever you get ask for and insist on having War Department Canned Meats.

E. C. Moore
Director of Sales

Every available outlet will keep for you these meats. Every retailer, from the smallest grocery store to the largest department store, will carry every citizen in the country.

GERMANS GETTING A SMILE AT EXPENSE OF THE FRENCH

Think Talk About New "Big Army" Huge Joke; Deutsche Zeitung Takes Rap at Foch.

By FRANK E. MASON,
International News Service Staff
Correspondent.

BERLIN, Aug. 23.—It's an internationally accepted platitude that the German people absolutely lack a sense of humor. Perhaps the German is a little slow to laugh at himself, but he is beginning to squeeze out a few grin smiles about his former enemies.

The German believes his country going to the "bow wows." Dirty, worked government presses unable to print paper money rapidly enough to meet the demand, even on the verge of a civil war, the German gets his humor from ridiculing the Allied propaganda that Germany has a powerful army hidden up her sleeve. The French measures to draw the fangs of German militarism lead the Deutsche Zeitung, formerly the newspaper read in the officers' casinos, to the following sarcasm:

"The Entente is preparing a new note for Germany, the contents of which have been suggested by General Foch. Our reporter, through his special relations to the French, has had an opportunity to see the document before it was sent. It reads:

"The governments of the Allied Powers have noticed with the greatest uneasiness that the German Government has not taken sufficiently energetic steps to oppose the militaristic preparations for a campaign of revenge. The Supreme Council of the Allied Powers has therefore unanimously decided with the agree-

ment of the technical military advisers, to make the following demands of the German Government:

"All canes and walking sticks existing in Germany are to be confiscated immediately and to be delivered to the Allies. The German Government is to issue an order forbidding the manufacture of wooden sticks resembling those articles more than 20 centimetres long; the German Government guarantees that this regulation will be strictly enforced.

"The manufacture of field-gray material, of metal buttons and leather leggings within the German borders is to be forbidden, these articles having a tendency to awaken thoughts of a military nature.

"The German Government will order all militaristic words such as 'war, army, sword, gun, cudgel,' etc., to be withdrawn from the German vocabulary; their use either in writing or speech is to be severely punished.

"The description of all militaristic action in theatres, plays and books is to be prohibited. All printed matter in which such events are mentioned is to be destroyed at once.

"It is forbidden for two or more people of German nationality (this includes both sexes) to walk together in step, as thereby militaristic thoughts are awakened. The use of the right hand is to be restricted to the utmost degree, as it serves militaristic purposes. At any rate, the right half of the body is considered reactionary.

"All male persons who before and during the war, as well as after it, have belonged to unions and associations of a military character are immediately to be delivered up to the Allies for punishment.

"The German Government is given one half hour's time in which to carry out these regulations to the letter. If, after the expiration of this time, any item of this programme has been neglected, the Allied Powers reserve the right to declare the German Empire dissolved and to invite all Germans over two weeks old before the Allied courts for punishment."

Gained Ten Pounds

Before Taking ZIRON, Alabama Man Was Weak, Nervous, Had No Appetite, But is Now Strong.

EVERY man and woman, who is in a run-down, weak condition, with bad complexion and poor appetite, due to lack of iron in their blood, should find Ziron helpful and strengthening.

It is a scientific, reconstructive tonic, composed of ingredients recommended by leading medical authorities.

Describing his experience with Ziron, Mr. George W. S. Lanier writes from Jones, Ala.: "Sometime back, I was in a terrible condition. I was weak and nervous, and had a tired feeling all the time. My skin was muddy. I

had no appetite, and at morning I didn't feel like getting up. I was reading of Ziron and decided I would try it."

"Will say that Ziron is a good medicine. I have gained ten pounds in four months. Am strong and have a good appetite."

Ziron is a mild iron tonic, good for young and old. It helps to restore the system, when run-down by overwork, undernourishment, caused by stomach or bowel disorders, or as a result of some weakening illness.

Get Ziron from your druggist. He sells it on a money-back guarantee.

Tennessee Solons Call on Citizens

(Continued from Page 1.)

The sovereignty of the state and a negation of the dual form of government created by its founders. It has never been our purpose, and is not now our purpose to prevent action ultimately by the legislature, and if it is the will and judgment of the people of Tennessee that the said Amendment should be ratified, after having had time to consider it and to act thereon, then we can but enter our opposition by recording our votes in the negative and submitting to the will of the majority. But it seemed to us, and we feel convinced that we are right, that under conditions existing at Nashville, under the pressure of a lobby, and the demands improperly made by agencies which should not have been employed, the only proper course for us to take was to absent ourselves from the state for a period of time sufficient for the people of Tennessee to express themselves in such manner as might be adopted by them to the end that the Governor of the state, who actively lent himself to the adoption of the Amendment, and the members of the legislature who seem to favor its adoption, might be advised of the wishes of the people of Tennessee, and be superinduced by such expressions to abandon for the time being the prosecution of the endeavor to new ratify said Amendment. The next legislature convenes within five months. Under the Constitution of Tennessee, without question, it will have the right to ratify said Amendment in the judgment of the Representatives and their constituents it seems proper so to do. Tennessee has already conferred the right of suffrage upon its women to the extent permitted by its Constitution, and it seems that no good reason can be given for the haste manifested by those favoring the ratification of this Amendment. Other states asked that the matter be left to the several states; and that Tennessee by its action should not impose on them a law objected to by their people.

It is our purpose to remain outside of the borders of the state for a reasonable time until the people of the state may have an opportunity to express themselves in the premises, and we therefore urge that in the several counties of the state the people assemble in mass meetings on Saturday next, being the 28th day of August 1920, and by proper resolution indicate their will in the matter, by which action members of the legislature, who we think are not correctly representing the sentiments of their respective constituents, and the Governor of the state may be advised of the wishes of the people, and admonished of the necessity of conforming to their wishes as many be indicated at said meetings.

Anti Demonstration Held

When the southbound Louisville and Nashville passenger train passed through here Sunday afternoon, an impromptu anti-ratification demonstration was held at the Decatur station, with Mrs. James S. Pinchard president of the Southern Woman's League for the Rejection of the Susan B. Anthony Amendment, as the center of interest.

Mrs. Pinchard, who left Nashville Sunday morning, believing that suffrage is dead, insofar as Tennessee is concerned, was en route to her home in Montgomery. She was welcomed at the station by the 31 members of the Tennessee house already here. The crowd at the station and passengers on the train joined in an informal reception.

Attend Church

Sunday morning the solons, still wearing their red rose emblem in the lapels of their coats, attended services at the First Baptist church occupying front pews. Sitting side by side were Capt. Galbreath, an officer in the Federal army and Representative Skidmore, who served with the Confederate forces during the civil war. The latter is 81 years of age. Both are determined in their opposition to the ratification of the suffrage amendment by the Tennessee legislative body.

Sunday night the insurgent party attended the services at the First Methodist church, Decatur.

Invited to Athens

An invitation to come to Athens and remain during their stay on Alabama soil was conveyed to the legislators Sunday afternoon, when Col. W. T. Sanders, national Democratic committeeman from Alabama, headed a delegation of Athens citizens who came here to deliver the invi-

lation personally.

The people of Athens are prepared to throw open their homes to the legislators for as long as they wish to stay, the solons were told. In the Athens delegation were: Col. Sanders, Fred Wall, C. W. Sarvor, R. H. Richardson, M. A. Pope, Harry Massenberg, E. G. Morris.

Invitations to visit Montgomery and Birmingham also have been received by the insurgents.

Enjoy Auto Rides

Sunday afternoon the visitors were guests on a number of automobile rides over the Twin Cities. Several of the solons were guests of Mayor A. C. Dilley on an automobile tour of Albany and Decatur.

Many local residents called on the visitors at the Lyons hotel Sunday. The legislators expressed themselves as very much pleased with the reception by the citizens of the Twin Cities.

Cox-Harding Letters

In an extended interview granted by Representative Hall, leader of the insurgent party, he told the reasons for the filibuster. He pointed out the provision of the Tennessee constitution providing that no Federal amendment shall be acted upon by the legislature unless the amendment was elected. The Susan B. Anthony was passed in May 1919, while the present legislature was elected in November 1918, Representative Hall said.

He charged Governor Roberts is forcing several representatives to vote in favor of ratification against the dictates of their own consciousness and the will of the people they represent.

In connection with the provision of the Tennessee constitution, Representative Hall pointed out paragraphs in letters received from Governor Cox and Senator Harding. The letters, Mr. Hall stated, were not made public until Friday.

Governor Cox is quoted as saying: "I have no hesitancy in saying that section 32 of article 2 of the Tennessee constitution is a very wise plan. It ought to be adopted in all states." The article and section named by above.

Senator Harding's letter, Mr. Hall said, declares "I should be very unfair to you and should very much misrepresent my own convictions if I urged you to vote for ratification when you hold to a very conscientious inhibition which prevents your doing so until after an election has been held."

Keeping Healthy in Broiling Sun

When head feels heavy or stomach is acid, get quick relief with Dr. Caldwell's Syrup Pepsin.

IN spite of the lighter foods we eat during summer months, it is the season of greatest dyspepsia and constipation. Many find it difficult to stand the heat. They exercise little and are always tired and half-sick.

It is good policy to take plenty of ripe fruit and vegetables, lots of cool, clear water and walks when the sun has set. But with all these precautions it is often impossible to regulate the daily elimination with the result that thousands suffer from constipation, indigestion and similar ills.

There is nothing better for clogged-up bowels, for a stomach that refuses to work, than that well-known combination of strong laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is America's standard relief for constipation. It has the great merit of being sure to act, yet acting mildly and without griping.

Thousands of mothers give Dr. Caldwell's Syrup Pepsin to infants, and it is especially popular in hot weather. Mrs. E. C. Wilson, who lives in Hugo, Okla., where the heat in summer is intense, is the mother of eight children. All of them, and including herself, maintain their health in spite of scorching heat by frequent use of Dr. Caldwell's Syrup Pepsin. See what it will do for you.

Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 722 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Why Should A Property Owner Patronize Home Enterprises?

We have all long since learned the fallacy of the "land boom."

There is a strong lesson in this "Buy at Home" idea for the man who owns property in Albany and Decatur.

You want to see your community grow and prosper.

You Want Your Property to Increase in Value

So why not begin a logical, lasting boom?

TRADE AT HOME.

Most of the suggested benefits of mail-order buying, or trips to some other city, are illusions-mirages. They result in a loss to your community which cannot be estimated.

Money spent at home never fails to result in a saving—money well invested in fruits of prosperity and the splendid price saving that your stores can effect for you through the power of your patronage.

Every time you spend a dollar here in Albany and Decatur it goes merrily on its way to some other citizen who in turn will doubtless spend it with some local store, and again and again

It Will Earn Its Little Profit

and add to the prosperity of the community.

On the other hand—contrast this dollar with the one you send away from Albany and Decatur. It's like a thief in the dark, who "takes" but never "gives."

It is a logical assumption that every property owner wants to see his property increase in value, and there is no better or surer method of bringing this about than to persistently practice the habit of patronizing local enterprises.

Has the Small Car Owner A Right to Good Tires

THIS much is certain—that the small car owners of this country have as high quality standards as any other class of motorists. Whenever you want to see this proven out, you have only to watch how they come to good tires, when they are given an opportunity to get at them.

What some dealers seem to overlook are the reasons which have led most of the small car owners to buy their cars.

In building tires for the small car, the United States Rubber Company exercises as much care, as much thought, as much supervision, as if they were intended to go on the most expensive cars in the country.

Devoting an entire factory to their manufacture. Putting the whole weight of its varied experience behind them.

Never cheapening their quality on the mistaken theory that a man's intelligence can be judged by the length of his car's wheel base.

Good dealers will tell you that they can never get enough U. S. 30x3½-inch Tires.

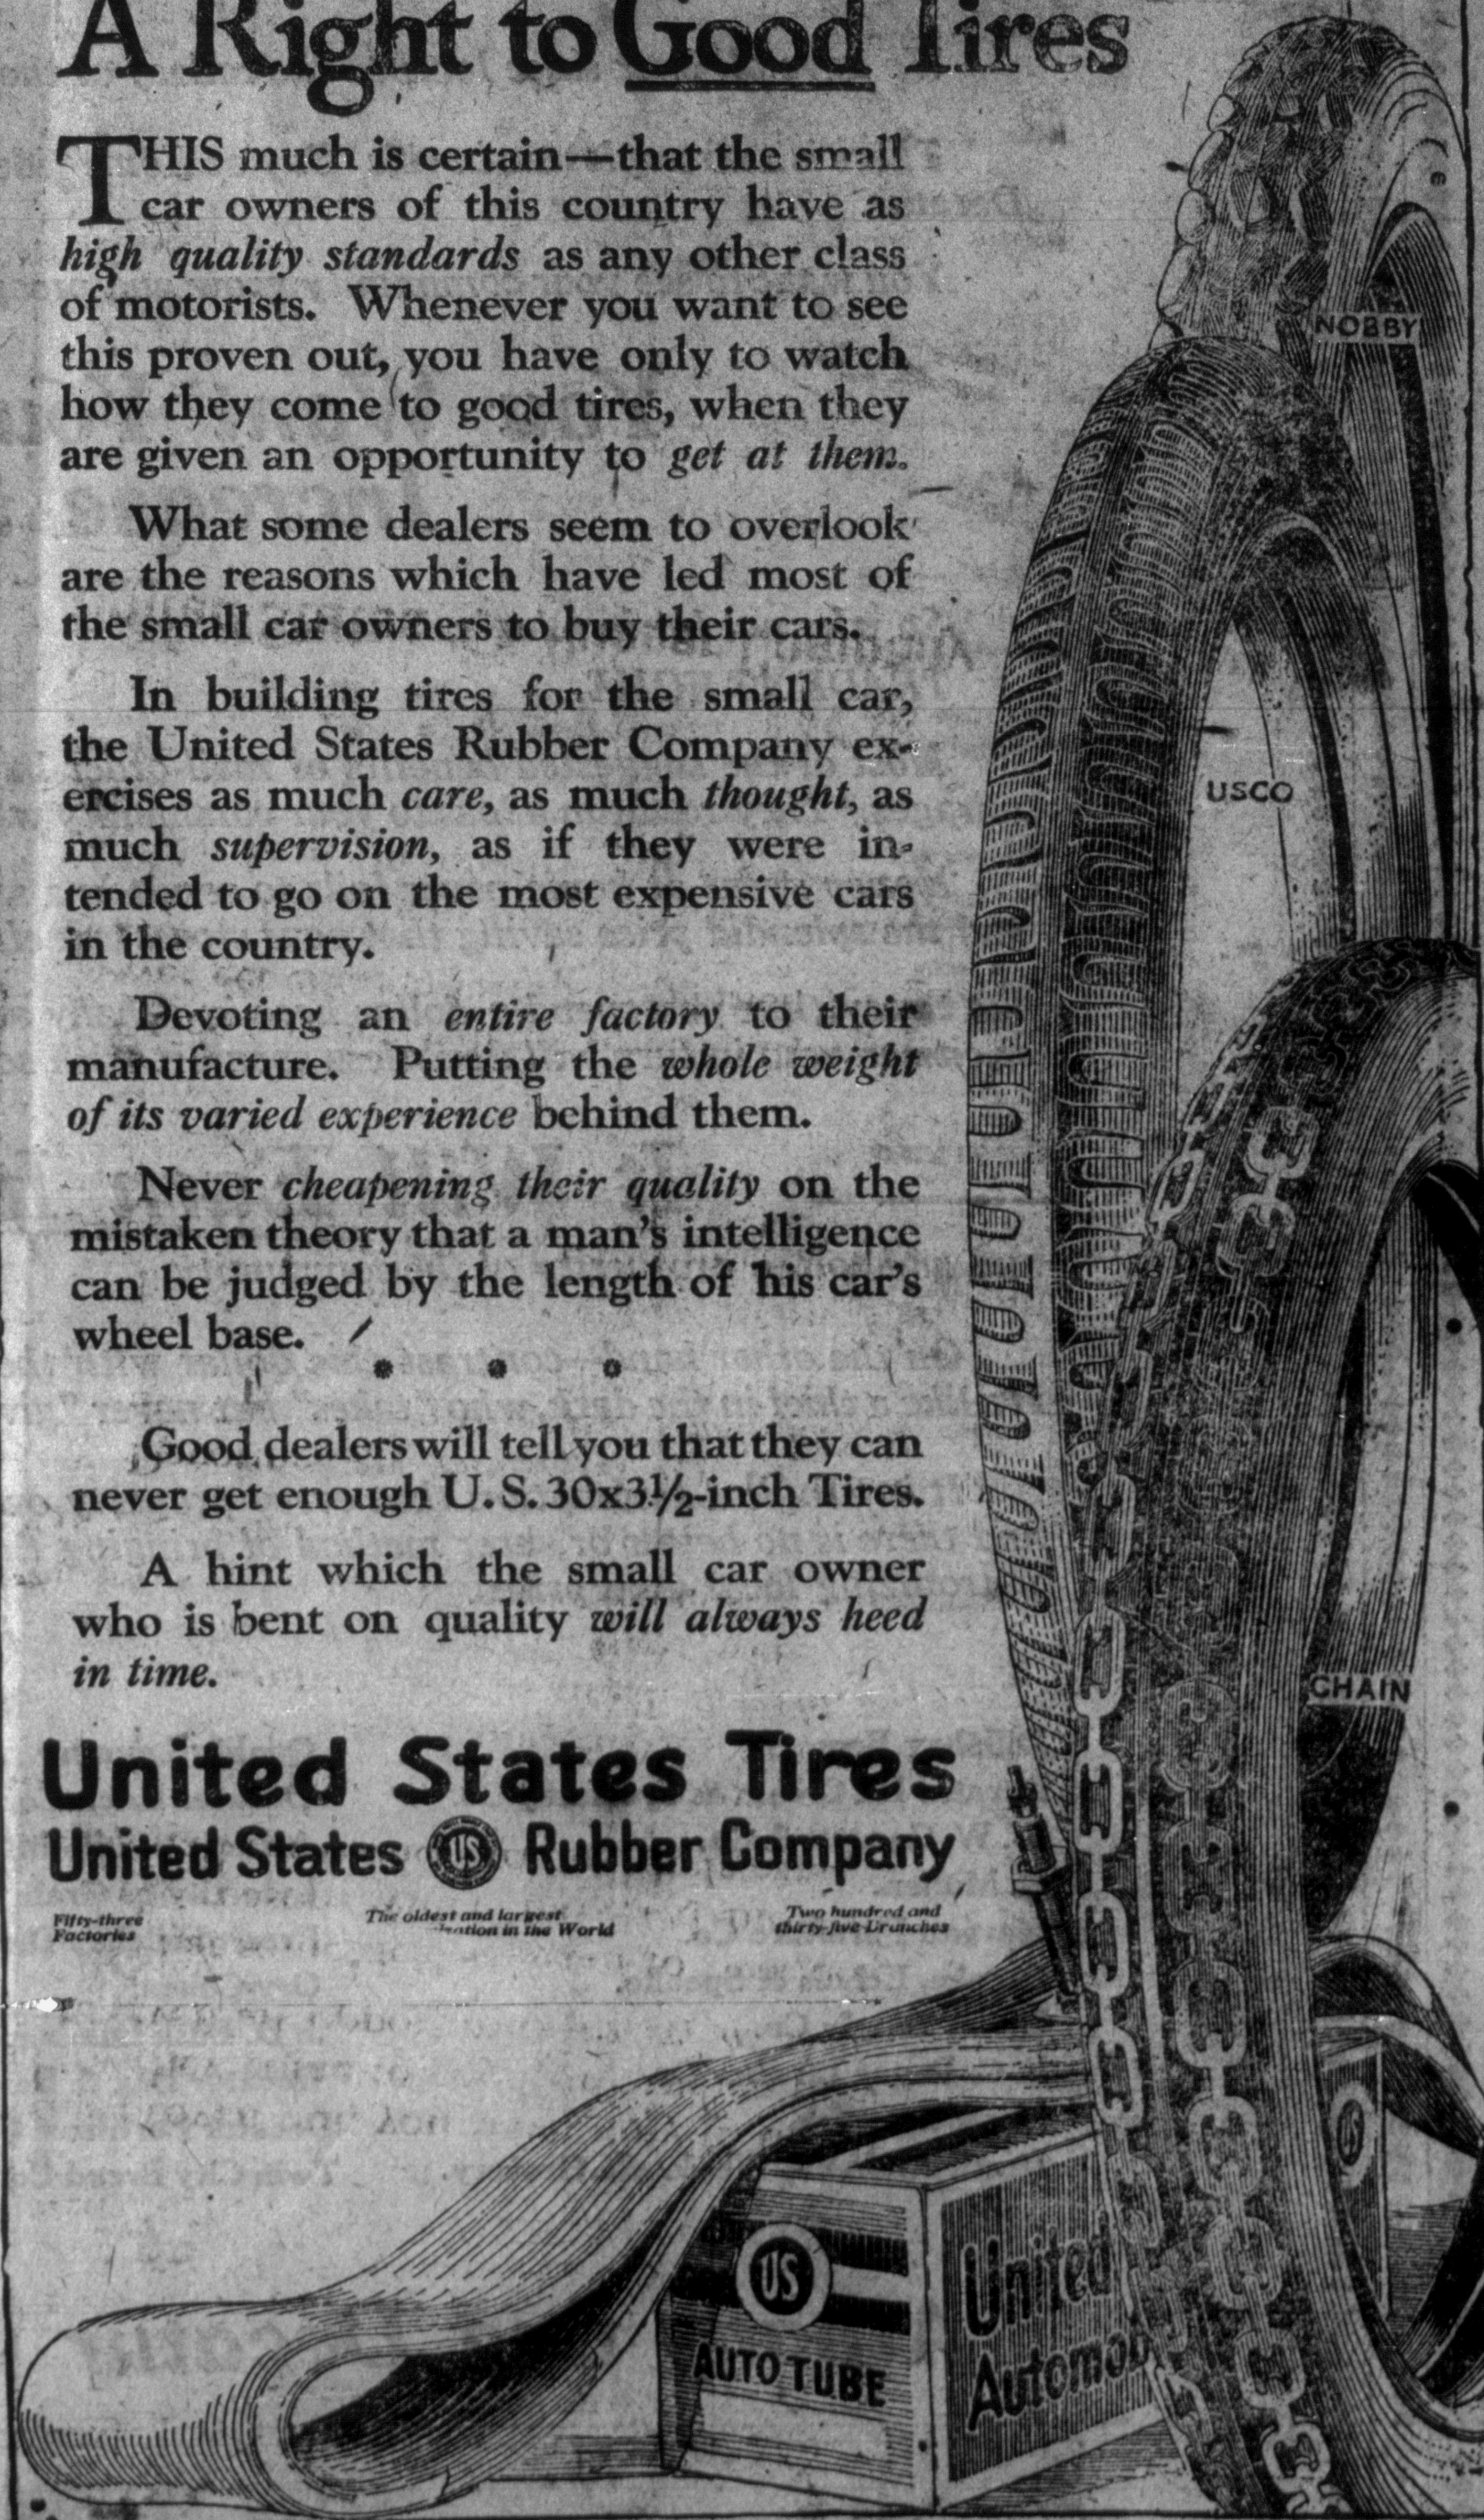

A hint which the small car owner who is bent on quality will always heed in time.

CLARA KIMBALL YOUNG AT PRINCESS THEATRE TODAY AND TUESDAY

In Marah Ellis Ryan's greatest fiction work, "For the Soul of Rafael"

The management of this theatre takes great pleasure in announcing the coming of Clara Kimball Young in Marah Ellis Ryan's greatest fiction work, "For the Soul of Rafael," a thrilling, beautiful story of the golden days of California, when stout hearts conquered a strange land and a stranger people, when superstitious Indians prayed to their un-gods, and when adventure, romance and love drove men to deeds of valor and courage worthy the name of the spirit of America.

Thousands of people everywhere are eagerly waiting for the picture version of Marah Ellis Ryan's masterpiece, and in answer to these thousands we can tell you frankly that here is a beautiful picture that will appeal to men, women and children of every clime. To a large element whose tastes run to tales of love and romance, "For the Soul of Rafael" will bring them a picture narrative of sentiment and devotion that will compare most favorably with any picture they have ever seen—to another big element who desire the thrills provided by stirring action it will conjure up once more the days of fiery steeds and midnight rides, and still another group who would rather cry than smile—they will find pathos aplenty.

"For the Soul of Rafael" brings to you a magnificently produced picture, the biggest of the year.

Wave of Suicide Among Children Alarms League

(International News Service)

NEW YORK, Aug. 23. — Anger, churlishness, eleven years old, because of being disciplined for some infraction of household rules, jumped from a fourth-story window in her home and died from the injuries thus received.

The girl's sister said their father was not strict in enforcing discipline, but gave the children a slap or two when things went wrong.

The normal child soon forgets an injury or slight. Perhaps little Angela's life was so dreary, so lacking in the average joys of childhood, that parental guidance in small matters made it too intolerable.

The case is brought to mind by the annual report of the Save-a-Life League.

If you read that report, which was to the effect that the increasing number of suicides among children in alarming, well, you probably rushed to see if Young Hopeful had a dagger concealed in his boot, a desperate story in his private desk, or a bit of cyanide under his bib.

The report says that in the past six months there were 225 suicides among children. That would seem to be a truly alarming number. Among these the average age of the boys was sixteen and that of the girls fifteen.

But Justice Franklin C. Hoyt, of the Children's Court does not find among the cases brought before him many in which children attempted suicide, and here is considerable comfort in his view of conditions.

"I suppose," said Justice Hoyt, "that here are possibly two or three cases a year in which children, who have tried to kill themselves, are brought here for a rebuke."

"I do not believe there is any so-called wave of child suicide sweeping the country. There are certain types of children, emotionally unstable, who become excited over correction by parents for a fancied slight or disgrace in school."

"But the immediate cause of the attempt at suicide is nearly always something which produces sudden resentment in the youngster's mind."

"Few long-suffering children, the victims of cruel or careless parents, try to kill themselves. Deliberate self-destruction is confined largely to adults."

"Child suicide is not the outgrowth of despair. Quick-acting, sensitive children are more apt to express resentment by swallowing poison than the more phlegmatic type."

"Ink and iodine seem to be the favorite poisons of the juveniles, who attempt to cease living has brought them under my jurisdiction. An their remorse is terrible after they recover. They beg their parents to forgive them for the trouble and grief they have occasioned, and it generally proves to be a severe lesson in self control."

"I do not think parents need neglect to correct and discipline their children through fear of contributing to the so-called 'suicide wave.'"

"The child who wants to actually die by his or her own act is happily rare."

Again that opinion, however, the Save-a-Life League says:

"Nothing should cause more real alarm than the suicide of children. In our own country, with its boasted institutions for human betterment, during the last six months eighty-eight boys and 137 girls committed suicide, an increase of fifty over last year's report for the same time."

"The average age of boys is sixteen years and girls fifteen. Boys most frequently use a gun and girls take poison."

"These terrible facts urgently call for strictly enforced laws to suppress the sale of all poisons and firearms."

Railroad Briefs About Town

William Burks, now a Machine shop foreman in Big Springs, Texas, but recently a machinist of the L. & N. at this point, with Mrs. Burks, is visiting the family of Mr. and Mrs. Geo. W. Broadway, Mrs. Burks father. Said Mr. Burks, "The unrest we have out in Texas is hustling to keep up repairs at our shops for the oil well machinery that is used near Big Springs. They are in a hurry to get the work out before it is placed in the repair shops. This point is apt to be as big an oil producing centre as there is in the whole U. S. I am reliably informed that the crops of Texas are the largest and best they have been for 18 years."

Said John K. Walsh, boiler shop foreman: "I am not surprised that Warsaw has not fallen. With the modern defenses, especially the electrically charged barbed wire entanglements, no city need be taken if it is properly defended. I recall that at Spion Kop, in the Boer war, was the first time electrically charged wire was used. When the British attacked they did not know that German aid had built such a deadly barrier, and a whole Scotch regiment was destroyed. When its Colonel fell dying he exclaimed: 'For God's sake tell the boys I was not to blame for this.'"

W. E. Todd of the Foundry department said: "My wife and son, George, have been in New York for three months, and they tell me there is absolutely nothing being said about the Presidential race up there. While I think Cox should be elected, I believe an enthusiastic campaign is the way to put him over."

Thomas B. Huddleston, of the machine shops, with his family, is visiting in Texas. Mr. Huddleston said on leaving that he would spend about a day each with relatives and would be gone about a week. He goes first to Texarkana, then to Dallas, Fort Worth then to Houston. Mrs. Huddleston was called to the bedside of a relative in Texas some days before Mr. Huddleston started.

William E. Perrie, foreman of the planing mill, with his family, is visiting at his old home in Henderson, N. C. Thomas E. Perrie, of Louisville, a brother, is also on the trip to Henderson.

A large percentage of the booster band, which is to play on the Commercial Club Booster trip throughout the county next month, are shop boys. Our of which number are Herbert Lauk, Jesse Yarbrough, Alfred Feyerabend and Baxter Hartung. Besides the shop boys will go on the trip as musicians, D. C. Jones will go for the purpose of giving the county people full publicity about Labor Day, which will be celebrated on a big scale Sept. 6th.

Fred M. Sittason leaves early next month for Rochester, New York where he will attend the International convention of Machinists, as the representative of Union Lodge No. 622.

Henry Wilson, boiler maker delegate to the National convention of his craft, leaves Sept. 10th for Kansas City, Kansas, where the convention opens on the 13th.

Frank Hames and family expect to visit Fort Worth, Texas, at an early date.

W. G. Campbell and family are visiting in Prospect, Tenn.

Joe Y. Newton of the upholstery department, leaves next week for Union City, Tenn, where he will visit his old employer, A. E. Walker. From that point he will go to Hickman, Ky.

Mrs. M. J. Coyle and family are spending the week-end at New Market, Ala.

Geo. Feyerabend, and family will
